PROFESSIONAL SUMMARY

Engineer with strong domain knowledge and practical software skills. Focused on industrial automation, IoT setup, and system infrastructure. Experienced in connecting hardware control with software tools—building automation systems, running compute clusters, and managing servers for real-world projects.

PROJECT EXPERIENCE

Sri Energy Industrial Automation

[🔗 Link](#)

System Control & Industrial Automation

- Provided automation solution to control the EOT crane for phosphating process.

CT Ski ML Cloud Infrastructure

[🔗 Link](#)

Compute Cluster & Cloud Platform

- Developed and deployed an ML cluster to utilize college infrastructure for student benefits and provide a no-cost machine learning platform.

SQLC - Competition Management System

[🔗 Link](#)

Web Platform & Management

- Developed an end-to-end management system for a state-level Quran competition.

CWM - Command Workstation Manager

[🔗 Link](#)

CLI Tool & Developer Experience

- Designed a tool to manage commands for better developer experience as a compiled binary CLI program using Golang.

For additional projects, visit my portfolio at codism.in

INTERNSHIP EXPERIENCE

SRI Energy Private Limited

June 2026

Industrial Intern | Operations & Systems Division

- Completed hands-on training in industrial valve assembly processes and shop-floor inventory operations at the Virali-malai plant facility.

EDUCATION

Madras Institute of Technology (MIT), Anna University

2023 – 2027

B.E. in Production Engineering

CGPA: 7.74 / 10

Higher Secondary Certificate (HSC)

2023

State Board | Score: 545 / 600 (90.83%)

TECHNICAL SKILLS

Automation & Tools: MQTT, Docker, NGINX, PocketBase, Git, Arduino

Known Frameworks: FastAPI, React, Flutter, Go

CAD & Engineering Software: SolidWorks, Creo, NX CAD, CATIA

LEADERSHIP PERSONAL PROFILE

Leadership: 4th Year Badminton Team Captain (MIT) | Zonal Level Competitor

Languages Spoken/Read: English (Professional), Tamil (Native), Arabic (Reading)

Interests: Culinary Arts & Baking, Fiction Literature
